In line with Bulletin #80-BUL-66, April 15, 1980, the Division of Personnel Management has made arrangements for a student intern to work in the National Office for about ten weeks this summer. The intern, Ms. Karen Burris from the Arkansas State University, will not be paid by FMCS but will receive six hours of academic credit from the College of Business.

Ms. Burris is working toward a degree in Business Administration with emphasis in personnel management and collective bargaining. Work assignments will be coordinated with her academic advisor to insure basis for academic credit.

We welcome Ms. Burris to FMCS for the summer.
